Greetings, objectors.

Dan McKeague, objection reviewing officer for the East Crazy Inspiration Divide Land Exchange Environmental Assessment and Draft Decision Notice, is hosting an objection resolution meeting on **Thursday, January 18, from 2:00pm to 4:00pm Mountain Standard Time. The meeting will be held via video conference using Microsoft Teams.**

As your detailed written objections have been received and have been under extensive review, this meeting is intended as an opportunity for lead objectors to quickly highlight their primary interests/concerns and share with the reviewing officer any proposed remedies that would resolve their objections altogether. In turn, the objections reviewing officer may ask clarifying questions if needed. Given the intense interest in the proposed land exchange, it is expected that each lead objector in attendance will have up to 7 minutes to speak during the meeting but that amount of time may change depending on lead objector attendance. **Those objectors who submitted form letters or modified form letters are kindly invited to listen in on the objection resolution meeting but are asked to please permit the organizational representative or individual who originated the form letter to speak on their behalf as the lead objectors.**

Please RSVP to me as soon as possible but no later than COB Tuesday, January 16, by email if you would like to attend the offered resolution meeting and indicate in that RSVP if you would like to speak as a lead objector (defined in 36 CFR 218.2). I will send connection details and an agenda no later than the evening of January 17 to those objectors who RSVP.

Finally, please let me know as soon as possible if you have any need for assistive technologies during the objection resolution meeting (e.g. closed captioning).

Thank you,

Kristopher Cahoon
