Greetings, objector.

I write to you on behalf of Objection Reviewing Official, Deputy Regional Forester Daniel McKeague. He and his staff continue to review the objections received on the East Crazy Inspiration Divide Land Exchange Environmental Assessment and Draft Decision Notice. As such, he has decided to extend the objection review for up to thirty days as permitted under 36 CFR 218.6(b). This extension will allow him to conduct a thorough review of the issues and permit time for the objection resolution meeting which has been tentatively scheduled for **Thursday, 18 January, 2024 from 2:00pm to 4:00pm MST (to be held virtually through Zoom Video Conferencing)**. Please hold that day and time on your calendars if you are interested in attending the objection resolution meeting – **more details regarding the meeting format, RSVP requirements, and connection information will be forthcoming shortly.**

We appreciate your patience and understanding as we navigate the meetings management needs for this planned objection resolution meeting. Not all schedules can be accommodated and, given the high levels of interest in this project, speaking time will be limited to lead objectors and the lead authors of those form letters which were submitted by a number of individuals. See 36 CFR 218.2 for the definition of “lead objector.”

With this extension you will receive the Reviewing Official’s final written response to your objection by 29 January 2024. If you have any questions or need additional information, please contact me, Kristopher Cahoon, Regional Administrative Review Coordinator at kristopher.cahoon@usda.gov.

Thank you for your interest and involvement.
